

Sasol Electrical Cleaner

Description

Sasol Electrical Cleaner is an electrical solvent that removes carbon, dirt, grease and other contaminants from electrical equipment.

Application

Clean Electrical Motor and equipment with compressed air to remove duct and loose material. Spray Sasol electrical cleaner until dirt is removed. Blow dry with compressed air. Wear gloves, goggles and respirator with prolonged use.

Features and Benefits

Sasol Electrical Cleaner has the following features and benefits:

- High flashpoint
- Leaves no residue
- Safe to use on moist insulations
- Non corrosive
- Fast drying

Typical Characteristics

Property	Units	Typical	ASTM	IP
Flash Point (COC)	°C	>45	D92	36
Density @ 20°C	kg/m ³	1000	D4052	365
Colour		Colourless		
Appearance		Liquid		
Smell		Dichloromethane		

Storage and Handling

Use PVC, nitrile or other oil resistant gloves and protective clothing to prevent skin contact. Where eye contact is a potential hazard, goggles should be worn.

Avoid temperatures above 80°C and strong oxidizing agents.

Ambient temperatures and atmospheric pressures normally encountered within buildings or roofed-over outdoor storage areas are acceptable. Avoid entering areas where mists or vapours have built up as a result of abnormal temperatures or pressures without the proper breathing equipment and protective clothing.
